Ext School- Day

Int School- Same

Narrator: What you are about to see is something so dark,
Something so twisted something that takes a little while to get
your head around something action packed is you ready!

N: Get ready for a story that's powerful, strong and will make
you think :)

We start in a pub but it is no ordinary pub this is a boys night
out it is a party and they are downing it pretty fast they are
picking up a pint and getting ready to drink yet another one

Ricky:

I love her

The most beautiful girl appears right in front of him

Shes looks at him and eyes him up

Jack:

But I'm more in love with her then you could ever be

The girls look at them and eye them top to toe

Elliott

Bullshit

He pulls out his tongue and creates a raspberry noise with it

The girls begin like they had just came in

Eliza enters

Eliza:

Hiya!!!

She says in a high pitched for everyone to repeat
They all repeat

Int: College playing field

Ext: Same

Enter in: Sam, Strawberry faced toby

Sam:

I challenge you all to a race to see who can get the girls

The girls chuckle in the background

Being fully aware of the competition he takes centre stage

The girls also get centre stage to try and distract them

Jackie- The incredibly chatty individual enters

Action: Also gets ready to fall to try to trick the boys into
thinking she needs assistance or help

Jackie

On your marks get ready GO!!!!!!

Action: They go, and after that it becomes pretty competitive

They collide with each other in the intention of making one
person lose

Jackie:

You can do it strawberry

Narrator:

Simon blows her a kiss and stumbles as he does his trousers fall down as the boys gave him a wedge

Jackie who was very fond of Strawberry ran over to him and asked if he was ok, seemingly putting a halt to the race after being tricked by one of his friends,

Action: They kissed

Jackie: Are you sure you are going to be ok babe

Simon:

I'll be ok :)

He winked at her and got up kissed her on the lips as she blushed

Narrator:

He continued to run but as he did his friends had other ideas

Jackie, Sophia-

Who didn't say very much warned Simon the strawberry-because of his strawberry like face of something

Jackie:

You're heading off in the wrong direction baby

Narrator:

It was a trap he was heading off in the direction of what he thought was correct, he didn't hear anyone warning him and he fell

Narrator:

As he did he went off the beaten track, being what looked to them to be live bait and knew then he was in instant trouble
They moved quickly

Action: They laughed

Narrator:

Jackie now clearly worried beckoned help over to him and started weeping a lot

Jackie:

(Sniveling by this point)

Sniveling: Illl(Struggling to say the words) Illl ggggett
youuu ouut

Narrator:

To give you some sort of overview Simon, was incredibly witty, funny clever however, when it came to looking where he was going he found this difficult and cried because of this being 22

Narrator:

Another powerful insight to give is that even before this race Jackie and Strawberry Simon had been dating and always been trying to wow each other over

Action: Simon fell even further done losing grip and soon losing sight of freedom which lie at the top with his girlfriend and friends- still laughing

N: They had all come from a wealthy background everyone besides Jackie and Simon, they were normal middle class citizens, going about their daily lives together

N: They had tried for a baby but failed first time around, and miscarried

Jackie:

Don't worry baby i'll save you!

N: To make matters more difficult he had a very rare disorder which disallowed him to be without someone for sometime-Simon we are talking about and was constantly bullied due to this so it was imperative that they acted fast to find him

Action: Jackie waves her arms around and runs around requesting help wherever she could find it

Narrator:

She bumps into a crowd of people mowing the lawn, whilst down under Strawberry Sam, starts to feel the full force of his condition, Jackie must act fast to make sure that he is not down therefore too long

Jackie:

(Literally shaking by this point)
Shit

N: The race was halted for quite a long time after, as snow flakes began to fall, and the wind was very much unpredictable

Jackie:

(Still shaking and moving around frantically trying to think of something she could do)
Shit

Action: She gets down on one knee and pleads for help from the grass cutters, and soon notices that their not grasscutters their two boys that she had seen before

Strawberry simon:

Feeling a pain in the pit of his stomach and rapidly growing- Starts to feel tears falling

Strawberry simon:

Ahhhhh ohhh

Narrator:

It was so silent that it became very distant and hard to hear him straight away

Narrator:

The other boys had been pretty much been rooted their for sometime laughing their heads off

Jackie feeling the strain from loosing her close friend and boyfriend ran over and started to attack the boys in a state of rage

Narrator:

She was knocked to the ground pretty fast as the rain was pouring and the weather was very much now clear as day

Narrator:

She lay there for around ½ hour dripping with blood until someone found her and this time they were genuine until

Jackie:

Ohhh as she tried to turn all she could feel was her knee attempting to get up but giving in at every try

Narrator:

As time passed very much not on her side it became clear that the person standing over was the only person to help her

Doctor spouringworth:

(Gesturing for him to turn over)

If you turn around for me

N: As the doctor was trying to mend the broken bones of Jackie it was nothing to how strawberry sam was feeling it was suffocating him the feeling of knowing no one was there for him and that was only the beginning he was going to pretty much starve done there

Strawberry Sam:

Ahhh!!!!!! Help!

Jackie couldn't move she was paralyzed so who would come and save him?

Action: She gets out her phone with urgency knowing he is done there all alone and didn't want him to be alone for any longer

Narrator

He was so deeply in love with each other that it was really tough not to be without each other, and here heart was with him 100%. She knew that if we was left for any more time that he would develop further problems

Sophia:

I'm going to help you babe

Narrator:

Its like Sophia read her mind

Narrator

She had just come from being elsewhere for quite a period of time

Sophia:

Sorry for taking so long baby, I had to see when their rescheduling the run

Action: She notices that something is clearly troubling our young Jackie, helps her up and hugs her immediately after noticing that she doesn't quite look herself

Jackie:

(Sobbing)
i've lost him she tries to say whilst sobbing waving her hand

Sophia:

Lost whom, wiping them away from her face

Jackie:

My baby boy going into a lot of detail my precious my one true love, my love my one and only the crying muffled out her voice making it a little difficult to hear her

Sophia:

Would you mind repeating that beautiful, pushing her hair away from her face and wiping away from tears

Jackie:

My boyfriend my beautiful boyfriend is gone because the boys he was racing against decided to lure him in the wrong direction

Sophia:

Don't you worry my beautiful we shall get our own back!

Narrator:

They composed a plan to get him out and get their own back, girl power

Jackie:

This is how we will do it, A: pulling out a big sheet of paper from her book that she kept in this big magical looking underground store of hers

Narrator:

There was a button that allowed her to do this but she deliberately didn't tell her- There was something that she was keeping from Jackie

Sophia:

Babe would you mind coming over her for just a second

Jackie:

Sure still crying in massive amounts was in for quite the surprise she was just about to sit on the loudest and not just the one whoopee cushion as she sat down but many

Narrator:

Sophia laughed laughing her fucking ass of(abbreviated as
lmfao)

Narrator:

Sophia feel to the floor as did Jackie did

It was definitely one of them snapchat moments, They got out
their phones and took a picture of this with immediate effect,
Taking a few of their own as well

Narrator (Contin' d) :

It was designed to take her mind of things whilst they were
conjuring up a plan to get one ahead of the boys that planned
this- It definitely took her mind of things!

Jackie:

(Crying with laughter)

Im dying literally

Sophia:

I thought this would get yer

Narrator:

However when snaps showed Strawberry Simon she very quickly
remembered him

Sophia:

(Showing her the plan with a stick that she found)

This is what we are going to do A: She showed a very detailed
plan a plan that only she could come up with a plan to get them
on the side of them and then trick them

MEANWHILE

Strawberry Simon:

(He was sobbing by this point with a need for help urgently)

Narrator:

Whilst this was taking place Strawberry Simon was slowly dying and something else was soon to take place this something was to be massive

MEANWHILE

Strawberry Simon:

(He was sobbing by this point with a need for help urgently)

Slowly falling into the mud-Ahhhh someone help NOOOOO sobbing by this point

Narrator:

He was so scared for his life that he couldn't call any louder if he tried he needed Jackie urgently or he was going to die and that was going to be a hard moment for all involved

Narrator:

But just before they can do this the scene switches back to the dream that Strawberry Sam is having

Int: Jackie's bedroom

Ext: Jackie's bedroom

Jackie slowly arises as Strawberry Sam lets out a massive scream to suggest something is wrong very wrong

Jackie:

(Slowly caressing Strawberry Sam's face)

Morning baby, whats up you can tell me anything you know that

Strawberry Sam:

(Trying to get the words out but failing)

IIII thiiiiinnnkkkk Iiiii jussstttt haaddddd aaa
nnnniiggghtttmaaaree

Jackie:

(Trying to calm him down)

Its alright, you can tell him take your time sexy, what do we need to do? Tell me!

Strawberry Sam:

(Listening to the words of Jackie, and trying to calm himself down)

Immm nnotttt toooo surrreeeeee, buuuuttttt IIIII knnoowww

Jackie:

(Trying to understand)

What dream is this baby?

Strawberry Sam:

(Fully relaxed and looking Jackie in the eye by this point)

I can't tell you you wouldn't believe me if I did

Jackie:

(Totally confused by this point)

Why can't you tell me gorg?

Narrator:

He leaves her in the lurch kisses her and starts running down the stairs getting ready for work

Jackie:

Where you going come back tell me tell me I love you I can keep things secret I promise

Narrator:

She rushes downstairs along with her hands open wide suggesting that she is after a hug no matter what

Narrator:

After she rushes downstairs she notices he's gone but how so quickly until....

Jackie:

(Crying once more as through to suggest she might be reliving her dream she just had)

Where have you gone? This time

Narrator:

She looks up to the ceiling

Narrator:

And starts to scream, but has something behind her back a pill which she then takes to calm her nerves

Narrator:

She keeps a bottle in her back pocket but it is very important that in order to keep these to a minimum that she finds her soulmate Strawberry Sam

Jackie:

(Becoming a tad bit weary right about now)
Fuck me, I need to find him because taking these fuck me straight up every time

Strawberry Sam:

(feeling a little put out and feel a little on edge)
Hang on a second where she gone where am I where the fuck am I

Narrator:

It felt somewhat unreal at first but the more he got a feel as to where he was the more nervous, and on edge he got and the more he tried to escape

Strawberry Sam:

Fuck ut oh not again let me out help let me out please

Narrator:

His calls were not being heard it was like he was not there his long distance calls were being muffled out to add to his heartache and to try to get one step closer back to his girlfriend

MEANWHILE:

Jackie tries to re-trace the possible steps in a desperate bid to find him as she runs around trying to find something that she can help herself go forward further she struggles and then she finds herself in a needy situation of her one her one house starts to flood, from a mysterious source but where is coming from she has to find a way out quick can she?

She tries to get to the phone but it is so far away will she get in time and leave her house to continue the search?

Jackie:

(searches around for her phone but her phone slowly sinks away)

Fuck! Fuck! Fuck! What are you doing? Come back here

It begins to ring and she is nowhere near it to answer it

It begins to look incredibly bleak for an exit

However...

At a time when she needs help most it is there by the help of one her dearest friends
But fate has another idea

Jackie:

(Crying uncontrollably shaking and breaking down very quickly and turning to pills for help but is stopped and angry all at the same time)

Ellie, get your ass over here and help me please please(losing control)

Ellie:

(trying in every desperate not to lose sight of her friend)

I'm coming for you baby

The lights begin to fade and it becomes slowly darker and more scarier it's against literally to save her help is on the way from a close neighbour but will it be on time

Here whole house by this point is going up

Even ellie is now trapped by the sheer amount of water that is present they are drowning

Fire engines are like an hour away

Ellie:

We have to do something that is going to help babe

Then venture a little closer to each other at one minute but next hope is quickly becoming a bigger problem than first thought they become lost and can only keep their head above water for a short period longer but for how long no one knows?

Sirens can be heard but the cause is still unknown

They come rushing in to find a shocking discovery

Ellie:

Im sorry

But just before they can fully go down under and be in trouble the fire fighters make it in time and collect her

Life saving music- By this point

Firefighters-N1:

Your safe now your safe

Ellie

(Worried and anxious)

My friend isn't through is fucking she

Firefighters- N2:

Don't worry we shall find and we shall try and save her life

Luckily she was so close to drowning but she was able to make it through but this didn't stop a hospital visit however through

The next moment she was talking and the next moment she wasn't it was life or death,

Elsewhere

Strawberry Sam attempts further to battle his way out of the bag he is in he can only find limited life lines plus very small holes to breath through it was truly something else for him he was in trouble if he couldn't find a way out soon he was soon going to feel the effects of his condition and the one he loved and his dream couldn't be quite complete

He punched and try to find aids to help him

Again there was something nearby

Strawberry Sam:

(Losing his breath struggling to speak)

Aha ha you think(Catching breath) that you could(Catching breath) get me

He gets up and gets hold of a knife and a note that comes from his back pocket

He takes the knife and rips open the bag only to find that he has bigger troubles than he first anticipates happening

He is in a truck dark cold and alone but how he got there is a complete mystery whos driving is a complete mystery also

To add to all of the mystery someone comes and tackles him to the ground

Whilst

In the hospital bed.....

Lie awake a thirsty, needy, shaken, bloody Jackie

Doctor Sproungworth:

Jackie, Jackie, can you hear me!

Her eyes begin to open

Here second eye begins to slowly open as well

Doctor sproungworth:

I'm glad you're awake, you don't know how much I have been worrying about you

In a state of confusion

She punches him

Jackie:

(Panting and breathing really slow)

Its you its really you

Doctor spouringworth takes his time to get up and controls his urge to fit back but somebody does not and she is fearing

for her life quite literally expect many more hospital visits to come

Jackie:

(Backing away)

You get the fuck away from me I am with someone else know how fucking dare you

Here new boyfriend returns, a revengeful, spiteful, hurt character moves forward its her ex

Concurrently,

Strawberry Sam has found his way out but he is bloodied and very severely

He fights and fights ferociously but his attacker a guy named Guy, is determined to put him a coma

He takes out his knife and starts attacking like he had before but it is so dark and he ventures so much more closer he is determined to put him a coma and this was not going to any easier now that he had a gun

He shot but missed he saw flashbacks mental images he was breaking down

He falls

But still has the willpower, he does it for the likes of his girlfriend Jackie

Jackie:

I'm here for you

Strawberry simon:

Then where are you when I need you

Just at that moment it became known that he had an idea that he never would of come up with before, he held her hand and they pray together as they moved forward the knife fight really begun with several flicks I had the feeling it was going to be deadly

But Strawberry Simon fought on and literally had him begging for his life

Strawberry Simon:

Die you motherfucker!

Guy:

Go to hell, you rotten fucker

He was playing hard to get by until the door opened it was getting super deadly now, cars where there, Jackie was still there holding his hand,

Strawberry Simon:

Don't let go I need you I can't live without you

He knew she was there but she was there with him for real what was going to happen if she left he would be alone

Guy stabs him right at the wrong moment

Jackie just can't hold back her tears

He tries to hold back his tears as well but before he could he receives another fatal blow

And to make it even more complicated Jackie disappears

Strawberry Sam:

(Struggling to get up by now)

Where have you gone WHERE HAVE YOU FUCKING GONE, Jacks

There was no response

Guy:

(breathing very heavily)

What you going to do now

Before he can think of doing anything, Strawberry Sam springs into action and punches him several times the door of the van opens through a little crack that Strawberry Sam makes very noticeable but what could he be possibly be thinking of doing?

Simultionalsy.....

All hell is breaking loose in the hospital

Jackie is defending herself against this imposter of a boyfriend

Jackie:

Who the fuck are you stay back, Im with someone else now

Ed:

(Attempting to kiss her hand)

Dont you remember me baby

Jackie by this point was still not believing him and was still defending herself by attacking him punching him in the face etc she just was not getting it

Jackie:

I fucking do not I thought you had long gone

Ed:

(Failing to get up by this point)

I have something to show you if you promise not to knock me down

Jackie backed down but for how long remained unknown

Jackie remained quit however she still had one fist up in the air ready to aim if she had to

Ed gets ready to show her a card it shows a message that she weren't expecting to see it was something truly quite moving

She was lost for words truly her face mirrored this

Jackie:

(Having trouble trying to digest what she had just seen)

What is this????

She had a letter in her hand which showed a picture of her when she was with him in there earlier years

He gets out a wedding ring and tries to propose to her but then tries to pull out a gun to her head tricking her

END OF ACT ONE

ACT 2: It's trouble mixed in with something else

With the gun just about to shot, we see Jackie in the hospital looking totally helpless and shocked all at the same time

Jackie

(In total shock over what is happening right about now)

What the fuck do you think you are doing, You think you can waltz in here and show me this and then change??? Just like that

Here look showed one of complete urgency and one to show that you must explain yourself before I let you back in my arms, she was waiting with patience but the patience wasn't going to be there forever

Jackie:

(The scene becomes more tense)

I am waiting asshole!

Ed:

(Remained silent)

There was now 2 off them he very quickly transformed during that time that he was trying to figure out what he was going to say

Pretty dark times where now playing out

She was even more trouble than she care to think

The darkest of storms was brewing outside,
It was deadly!

In the intervening period of time:

Jackie had gone from the thoughts of Strawberry Sam,

Strawberry Sam:

(Whimpering even more now)

Dooonnntt goooo.....

The scene goes black for a couple of seconds

With flashbacks....

He remembers that time when they first meet

But now that this is not the case he has to fend for himself

This could be a lot harder than first seems

He summons every bit of energy he has got and tries to stand

But fails

Strawberry Sam:

(Looking over at guy for a bit of support and feeling more determined than ever to bring him down)
Youuu wont get away with this(With blood dripping from his mouth) I might not having my fucking boyfriend i mean girlfriend here but your type will never win positive amazing guys like myself will always win

But then he went into a meltdown his eye closed everything just shut down

Elsewhere

Jade is still trying to brave of what could be the most difficult moment for her- She takes another one of her pills in her backpocket only to be stopped by someone who cares and ultimately saves her life

Jackie:

(Trying to fend off a gun to her head and a strong storm making itself well known by this time)
What is going on I cant hold on..... What are you doing Im in love

The gun shot its first bullet as it was pushed against her head

She looked up and could see a strong ray of light hoping it was help

It would seem that dreams do come true

The second shot fired

It had to come fast

Jackie:

Hurry up!!! You dickhead

Seconds remained and the 3rd shot fired

The hospital was evacuated

All you could was colours which were constantly changing some of these being red

The doctors where not going to stop until they saw to what was going on

The sky grew a darker shade of black

Jackie tries time and time again to get to the light

She sees Strawberry Sam

Jackie:

Take my hand please please please

This was same thing that was being done for Strawberry Sam, They were made for each other and they couldn't have each other

Jackie's heart broke

Ed:

NO, Youre mine do you UNDERSTAND

He gathers all his forces and stops her from making advancements towards Strawberry Sam

He pulls down everything possible to get her to stay in that one place

He ties her down

Even burns her

And covers her mouth

Bricks are falling by this point

Meanwhile

Strawberry Sam is on a lorry wheel fighting for life his head banging against the tarmac he tries to kick guy in the face but then he turns on him and straps his legs to the lorry with cars going past completely not on his side and starts firing big time

Terrified by this point

Strawberry Sam:

I'm sorry, I am but you know what you are such an asshole

Before he could finish the sentence

He was interrupted

Guy:

SHUT UP!!!!!!!!!!!!!!

He feel almost silent but didnt stop trying to protect himself

He had more guys

He was being drugged up as he being brought back

FLASHBACK

She remembers the time when the very first ring was given it was given in the form of a sweet

It was the cutest moment ever

He really wants to relive that memory

And THEN...

His memory is shot lived when Guy puts a flame on him and leaves him and closes the door

Strawberry Sam:

(Dieing for help by this point)

What the fuck are you doing what's this

His head was rubbing against the wheel of the lorry he had to find help the tar was digging into his head

He was left to fend for himself until somebody came to his assistance

Until somebody in a black car came along in a mask

Was he hear to help

Or was he to cause more pain to him

It remained steadily unclear

Strawberry Sam:

Who the fuck are you

Meanwhile:

Back at the hospital bricks are falling at a alarming rate it is becoming worrying for all concerned some damargening after effects are taking place so much so the police have got involved

Jackie:

You actually think in your right mind I would go out with you seriously you prick!

Ed:

(Pouring something on to her skin)

Do as you are told, You love me say it and say it
NOWOOOOWWWW!!!!

Jackie:

(Trying to shake him off)

Ahhhh, Ahhh, Never! You loser, when did you ever think in your right mind I ever loved you tell me!!!

Ed:

(Pouring it even more onto her skin)

Ill shall never answer, You'll never get me to answer you bitch

To prevent her saying any more he puts several pills he collects from her and stuffs them in her mouth so that he can continue successfully

But how long is she out cold for?

END OF ACT 2:

ACT 3: The fight of all fights to the end

When you get to that part when you really don't know what to say it is all too much you feel like crying quite literally lets join them and see how they get themselves out of this mess or whether it will take more than 1 plan that is needed, We rejoin Strawberry Sam who has got himself in a bit of a pickle it's make or break

Strawberry Sam:

(Attempting to break the glass with a hammer he managed to get from the road with his fingertips)

Oi, you help me! Can't you see I am in trouble, Come on I am dying here

Narrator:

If you are wondering who he is talking to it is the person we meet earlier on, He doesn't budge he remains under his hat and

tranpulls all over him instead and opens the door, Another person comes by in his car but none of them help, The wind that has blown has caused him to lose his footing on the truck and now he is minutes away from being killed will anyone save him?

Strawberry Sam:

(Looking up and trying to regain footing fast)

Where is my fucking hot girlfriend?

Narrator:

She had troubles of her own as we are just about to find out, it came to a point where the lorry was just about to go over to the edge, when a voice echoed sounding like Jackies, " Strawberry Sam where are you"

Narrator:

They had a call if they were ever in trouble, it went a little like this "Strawberry Sam, Where are you you know there will never be a point where I don't love you, Our love is truly magical it is something unique and I love you I love you thanks for being there for me thanks for being there for me" They had agreed this to earlier on and really liked it, Let's get back to Strawberry

He moved up towards his legs he couldn't reach but you got to love how he never gave up! He had about lets say 20 seconds to make it off the lorry, No one else was on board

Concurrently

Jackie could not shake Ed as she was minutes from death's door it would seem

Ed:

(Touching Jackie's face and giving her the sloppiest kiss)
You see there is no way that you could get away it your going to suffer like I did

Narrator:

He edges closer and closer and sets the whole of the place on fire running away at the last minute and leaving to slowly die away

It remained silent

But all for one person got up in the nick of time it would be quite the life saver

Ed returned to do one last thing, He injected her with a very strong dose of a strong medicine nicknamed the medicine that's going to kill my former girlfriend- Jackie!

Ed:

(Looking very satisfied grinned and laughed)

You see im more powerful than you

Revenge shall be mine

And there will be no way for you to get help because you won't be able to ask for it ha ha ha ha ha this is what you get for hurting me you shouldn't of done you lying bitch, you whore, slut

Narrator:

The doctor got up once more and tried to go across but he saw him or at least he thought he heard him or saw him so it was only a matter of time

Ed:

(Searching frantically as the whole hospital is a blaze)

I know you are here and I am going to find you there is no fucking way you are going to win I killed her and there is no remedy SHIT!

Narrator:

He stands up and confronts the killer

Doctor spinach:

You know what you are horrible, I am going to get you she didn't deserve what do you not understand about that huh huh

Narrator:

He pushes him, carelessly as he falls his coat catches fire

Ed:

You tell me what have you seen in here WHAT HAVE YOU FUCKING SEEN IN HERE, why shouldn't I attack you too in fact don't answer

Narrator:

He stills has the same syringe he takes it and without hearing another word attempts to inject it into him

He runs he slips

And as the syringe falls it gets injected into the arms of the doctor he fights back and now with the injection in his arms he turns and tries to inject it into the arms of Ed but fails and to make matter even more complex ed runs off and leaves him to now that she knows he has no more people to compete with he runs a million miles down the steps ALMOST trips himself but gets out in time, and watches the whole place go up in flames

All emergency services attend once more... But is it too late

Jackie:

(Re-awoken by this point)

Where am I (Shaken) Where am I?

Narrator:

She nears a window and jumps noticing fire...
